SENATE LEADERS TRY TO HALT INSURGENCY

Lodge Confers With Several Republican Colleagues on Situation.

FOR CHECKMATE PLAN

Conferees Decide to Back Credit Legislation for Farmers.

BLOC TO EXAMINE BILL

Design Is to Prepare Program Before Meeting of La Follette Group.

Special Dispatch to THE NEW YORK HERALD.
New York Herald Bureau.
Washington, D. C., Nov. 27.

To forestall the activities of the farm bloc and offset to some extent plans of insurgents in the Senate, several Republican Senators conferred today with Senator Lodge (Mass.) regarding a liberal and constructive program of legislation for the remainder of the present Congress.

Among those in the conference were Senators Watson (Ind.), Willis (Ohio), Gooding (Idaho), Shortridge (Cal.), McNary (Ore.), Keyes (N. H.), Stanfield (Ore.), Nicholson (Colo.), Cameron (Ariz.) and McKinley (Ill.).

Legislation desired by farmers was discussed. Emphasis was placed on the fact that the President in his message to Congress on the ship subsidy bill said he stood ready to support any reasonable legislation for the relief of farmers. It was decided to get behind a rural credit bill which would provide liberal loans to farmers on growing crops and products in warehouses.

Farm Bloc May Be Invited.
While no member of the farm bloc was present it is probable the bloc will be asked to take part in another meeting to-morrow, when a concrete program will be submitted for consideration. The aim of the regular Republicans is to shape a program so liberal there will be no excuse for the existence of the farm bloc in the Senate. The Republican leaders also are anxious to act before the conference of insurgents, called by Senator La Follette, to begin Friday.

Senator Watson suggested that much of the distress of the farmers is due to profiteering, especially on agricultural necessities, including fertilizer. He intends to introduce anti-profiteering legislation.

Senator La Follette issued a statement to-night denying he had told Governor Hunt of Arizona that the purpose of the conference called by him was to form a third party.

Purpose of Conference.
"In my telephone conversation with Gov. Hunt," he said, "I made no reference to a third political party, but on the contrary was particular to emphasize the fact that the conference to be held on December 1 and 2, to which Gov. Hunt had been invited, is called solely to consider a program of progressive legislation both State and national. I stated that both Democratic and Republican Governors, Senators, and Representatives were invited to the conference."

"I emphasized to him that the conference had been called to promote co-operation among the progressives in Congress to the end that the recent progressive victories won in both parties might be translated into effective legislation. I am convinced that this alleged interview with Gov. Hunt is either spurious or garbled."

ASSERT LABOR ELECTED 182 MEN TO CONGRESS

Federation Officials Claim Defeat of Ten for Senate.

WASHINGTON, Nov. 27.—Credit for the election of twenty-four Senators and 188 members of the House of Representatives was claimed for the American Federation of Labor to-day by Samuel Gompers, its president, and Frank Morrison and James O'Connell, who conducted political activities during the recent Congressional campaign for organized labor.

Nine members of the present Senate the labor men said they had helped to defeat, only one of whom, Senator Pomerehne of Ohio, was a Democrat. In addition Albert J. Beveridge and Representative Mondell, Republican candidates for the Senate respectively in Indiana and Wyoming, were named as opposed by the committee.

DRY AGENTS TO GUARD FERRIES AGAINST BEER

Federal Officials Say Trucks Bring in Contraband.

Charles Gutman and Harry Drescher, dry agents, yesterday seized an automobile truck bearing a Pennsylvania license plate, loaded with 115 cases of beer of more than the legal alcohol content. The truck was standing in front of 507 Canal street.

Many cases of beer are being brought into New York from Pennsylvania and New Jersey, Federal enforcement agents said last night. Federal guards will be placed at all ferry terminals on both sides of the river, it was said, to prevent truck loads of the contraband from being brought into New York.
